

“The Supreme Committee take the protection of your personal data seriously. Your personal data includes things like your name, contact details and address, but also your photograph.

Your photograph could contain information about you which is particularly sensitive – like any health conditions, or your racial or ethnic origin (special category data). Therefore it is important that we only take your photograph with your express and informed consent.

We would collect this personal data for the purpose of managing the accreditation process as part of the volunteer programme delivery for the events and activations.

You may withdraw your consent at any time by contacting us at loc.volunteer@sc.qa, however if you do so we may not be able to allocate you a role within the programme.”
