WORK EXPERIENCE

Executive Production

Thal Limited (House of Habib).

01/2022 - Present,

Tasks

As the executive production my daily responsibilities encompass a wide range of crucial tasks to ensure the smooth operation of our department. These include :

1. Production Planning and Supervision: Overseeing the production process, coordinating with team members to meet production targets, and ensuring efficiency in operations.
2. Production Posting On SAP: Managing and updating production data on the SAP system to maintain accurate records and facilitate decision-making processes.
3. Supervising Maintenance (Periodic, Preventive, Breakdown): Monitoring and coordinating maintenance activities to ensure the optimal functioning of equipment and prevent downtime.
4. Machine Health Monitoring: Regularly checking and assessing the health of machines to identify potential issues and address them proactively.
5. Daily Reporting for Production & Maintenance: Compiling and analysing daily production and maintenance reports to track performance metrics and identify areas for improvement.
6. Labor Handling: Managing and coordinating the workforce to ensure smooth operations, address any issues promptly, and maintain a productive work environment.
7. Maintain 5S on Floor: Implementing and upholding the principles of 5S (Sort, set in order, Shine, Standardize, Sustain) to promote workplace organization, efficiency, and safety.
8. Maintain HSE (Health, Safety, and Environment): Ensuring compliance with health, safety, and environmental regulations, implementing safety protocols, and promoting a culture of safety among team members.
