

Yasser Eissa Jafari

EDUCATION

Bachelor of Science in Mechanical Engineering

Jazan University, Jazan

5/2021

- Senior Project: Design and Feasibility Study of the Petroleum Transportation Pipeline from Jazan to Abha.

WORK EXPERIENCE

Quality Control Supervisor

Saudi Gulf Hydraulics Co. Ltd., RIYADH

11/2021 – Present

- Monitoring production activities and planning schedules for on time delivery; supervising production team to manage and executing production projects.
- Implementing schedules for various machinery and equipment to increase machine up-time & equipment reliability; identifying areas of obstruction / breakdown and taking steps to rectify the equipment through application of troubleshooting tools
- Identifying needs of production units for required manpower to operate production lines through placing annual plan for department requirements of needed manpower
- Investigated product quality problems, determines root cause, gathers and analyzes data and implements corrective actions to eliminate cause
- Making studies related to increasing productivity & quality improvement and all issues related to production processes and methods; ensuring that final product meets quality standards and customer specifications.
