SHARJAH

EDUCATION

DIPLOMA IN MECHANICAL ENGINEERING

Malabarpolytechnic college , kottakkal 2019 - 2022

HIGHER SECONDARY EDUCATION IN COMMERCE

IUHSS PARAPPUR,KERALA 2017-2019

CERTIFICATIONS

MEP HVAC DESIGNING, 08/2021

FOUR-WHEEL TRAINING CAMP (Vehicle Servicing)

NON-DESTRUCTIVE TESTING (NDT)

Specializations: Liquid Penetrant Testin, Magnetic Particle Inspection,Ultrasonic Testing, Radiographic Testing

JOB PROFILE

Versatile Mechanical Engineer with a strong background in design, analysis, and project management. Adept at leveraging engineering principles to develop innovative solutions and enhance operational efficiency. Proficient in utilizing CAD tools for product design and simulation. Skilled in collaborating with cross-functional teams to deliver projects on time and within budget. Proven ability to optimize manufacturing processes and implement cost-effective solutions. Committed to continuous learning and staying abreast of industry trends and advancements.

WORK EXPERIENCE

CONSOLE FITTING AND LOGISTICS

Renault Nissan Automotive pvt, India

From August 2022 to August 2023

- Strategize and optimize logistics processes to ensure efficient and timely delivery of console components.
- Collaborate with cross-functional teams to streamline logistics operations and reduce lead times.
- Implement inventory control measures to maintain optimal stock levels for console components.
- Utilize inventory management systems to track stock movements and prevent shortages or excesses.
- Conduct thorough quality checks on incoming console components to ensure adherence to specifications.
- Build and maintain strong relationships with vendors to ensure timely and accurate supply of console components.
- Negotiate contracts and agreements to secure favorable terms for the procurement of materials.
- Continuously evaluate and enhance console fitting and logistics processes for increased efficiency.
- Identify and implement improvements to reduce costs and enhance overall operational effectiveness.
- Ensure the integration of technology solutions to improve accuracy and speed in console component handling.
- Implement necessary changes to processes to align with regulatory requirements.
- Maintain accurate documentation of all console fitting and logistics activities.

TECHNICAL SKILLS

- **MS Office Suite:** MS Word, Excel, and PowerPoint
- Auto CAD
- **NDT TESTING**
- **HTML**

LANGUAGE

- English
- Arabic
- Hindi
- Malayalam

SKILLS

- Relationship Management
- Consultative Selling
- Excellent Verbal and Written Communication
- Mechanical Design
- Project Management
- Manufacturing Optimization
- Cross-functional Collaboration
- Problem-solving and Analytical Thinking
- Technical Documentation
- Quality Assurance and Control
- Regulatory Compliance

PERSONAL DETAILS

- Nationality : Indian
- Date of birth : 26-01-2002
- Marital Status : Single
- Passport No : B8348361
- Expiry Date : 7-12-2031

SALES EXECUTIVE

GULFOWN KOTTAKAL

From March **2020** to August **2021**

- **Highly skilled and experienced phone technician seeking a challenging position to utilize technical expertise**
- Perform repairs and replacements of damaged components, such as screens, batteries, and charging ports.
- Conduct thorough testing to ensure proper functionality and performance post-repair.
- Customize presentations based on individual customer needs, ensuring effective communication.
- Achieve and exceed monthly and quarterly sales targets consistently.
- Monitor industry trends and competitor activities to identify opportunities and threats.
- Adapt sales approaches based on real-time market dynamics and customer feedback.
- Employ data-driven strategies to target key decision-makers and generate high-quality leads.

INTERN

Adapts Engineers private Ltd

From January **2021** to March **2021**

- Collaborate with senior engineers to assist in the design and analysis of mechanical systems for oil and gas projects.
- Conduct research on industry best practices and emerging technologies relevant to oil and gas engineering.
- Support the Quality Assurance/Quality Control team in inspecting and testing mechanical components for compliance with industry standards.
- Assist in the development and implementation of QA/QC procedures to ensure product quality and reliability.
- Create and update technical documentation, including engineering drawings, specifications, and quality control reports.

DECLARATION

I hereby declare that the above mentioned statement is correct and true to the best of my knowledge and belief.

MOHAMMED JASEEL PK
