PROFILE

I am an Auto Mechanic for two consecutive years in two different companies where I acquired skills in the following areas: automotive repair, maintenance, testing and fault diagnostics. If given the opportunity, I will utilize these acquired knowledge in repairing and troubleshooting automobiles. My goal is to expand the company's number of existing clients by performing my duties effectively. I will conduct careful examination on each automobile to accurately pinpoint the problem and suggest the correct solution. I will also ensure that I adhere to customers' requests and other requirements. In this manner, unexpected expenses on the part of the customers are avoided.
