

SANU PRASAD R

QA/QC INSPECTOR

PROFILE

As a QA/QC Engineer with experience in the industry, I have a proven track record of ensuring that products and services meet the required quality standards. I am skilled in developing and implementing quality control processes, performing inspections, and conducting tests to identify defects or other issues.

My expertise includes a deep understanding of industry standards and regulations, as well as experience with quality management systems and tools. I possess strong communication and problem-solving skills, and have the ability to work independently or as part of a team.

I am committed to ensuring that products and services are delivered to the highest quality standards, and my dedication to continuous improvement and customer satisfaction is evident in all of my work. My goal is to make a positive impact on any project I am involved in, and to ensure that all stakeholders are fully satisfied with the end result.

EXPERIENCE

United Engineering and Construction , kochi

1st May 2018 to 31st May 2023

QA/QC ASSISTANT ENGINEER

As a QA/QC Assistant Engineer, I have amassed valuable experience in ensuring compliance with quality standards and optimizing processes. My responsibilities have included conducting inspections, tests, and audits, generating reports, and implementing corrective actions. I possess a strong understanding of quality management systems, data analysis, and problem-solving techniques. With excellent communication skills and a proactive approach, I have contributed to continuous improvement initiatives and effectively collaborated with cross-functional teams. My commitment to maintaining high-quality standards and driving operational excellence makes me a valuable asset to any organization.
