**Pentagon appears:**

It is a innerwear manufacturing company by taking tender

This company manufactured famous underwear called jocky

I worked two years in packing quality checking role

My work was checking the quality of the product and also packing it.

### **Sewage waterplant**

It is a government aided company for cleaning municipality sewage water

In pre treatment a large size of particles removed from sewage water

After that it allow to pass through a grid chamber to remove other wastes.

Then sludge and scum removed from settling tank.

Then purified water is aerated to remove organic waste and to maintain ph value.

The remaining sludges are removed by gravity force from the settling tank.

Finally the water treated with chlorine to remove nitrogen, bacteria etc

I have good experience in this plant.
