📁 EXPERIENCE

MACHINE OPERATOR

2019 - 2024

Bharat Heavy Electricals Limited, India

- Executed daily operations of Cutting Metal Bars.
- Replaced defective and worn blades and bands, using hand tools.
- Inspected Metal Bars for imperfections and estimated grade and quality of stock and workpiece.
- Lubricated and cleaned machines, using wrench, greasegun and solvents.
- Unloaded and loaded Metal Bars from truck to staging area.
- Positioned and clamped stock on table/conveyor using Overhead Crane.
- Mounted and bolted sawing blade and attachments to machine shalt and tuned handwheels to set blade tension and Feed rate.
- My job was to out blanks from metal bars for the various CNC operators in various departments.
- This involved setting up the machine, inserting the material, and running the saw.
- The blanks I cut ranged widely in size and kind of material, and were made for various companies.
