📍 Dubai Silicon Oasis, Dubai, United Arab Emirates

I'm a highly motivated food technologist graduate from one of the leading universities in Southeast Asia. I am currently seeking a challenging position in a reputable firm venture on opportunities that may further my experience, pursue challenges and apply my knowledge and skills in a real working environment. I am however not limiting myself to a food technology career because I believe that there's more out there that I can impart my talent, experience and dedication to be a good team player in the company.

CAREER HISTORY

JULY 2018 - PRESENT

FOOD TECHNICIAN

Baybay Delights Vacuum-Fried Jackfruit Chips

Local Government Unit, Baybay City, Leyte, Philippines

In this processing unit, I manage the equipment and machine operations and oversee the maintenance and repair services to ensure meeting the safety standards. I assist the teaching staff with demonstration lessons and practicals for the interns. I ensure our product is compliant with the Food and Drug Administration and help improve the food products on the market. I research ways to improve our products using more efficient methods.

JANUARY 2022 - PRESENT

PRODUCT DEVELOPER (Freelance)

SereniTea Milk Tea and Rice Topping Meals Shop

Hilongos, Leyte, Philippines

In this business, I manage product development and enhance existing products in order to meet customer expectations effectively. I conduct research, develop proposals, and supervise the design process.

AUGUST 2017- MAY 2018

LABORATORY STUDENT ASSISTANT

Department of Food Science and Technology

Visayas State University, Baybay City, Leyte, Philippines

In this department, I am responsible for helping students and interns during lab tests and research. My duties include processing samples, classifying results, recording findings and reporting back to management. I undertake basic administrative tasks such as filing and answering telephones. And I ensure best practices to comply with the correct procedures, policies, and health and safety regulations.

OCTOBER 2014 - JULY 2016

OFFICE IN CHARGE/TRAINER

Lots' A Pizza

Project 6, Quezon City, Philippines

I am responsible for planning the branch operation, I attend seminars to train the team on techniques and strategies to improve their skills and capabilities in meeting the professional standards of our product, how to maintain the quality of our stocks and most importantly how to handle our customers.

DECEMBER 2012 - SEPTEMBER 2014

CREW IN CHARGE/TRAINER

Burger Machine

South Triangle Diliman, Quezon City, Philippines

As an in-charge crew, I manage myself to be a good leader and model to my co-worker. I can train and share my learning with my trainees. I am also responsible to take responsibility for those critical situations of my outlet. With good teamwork research, our branch develop a variety of burger patty flavors based on the different taste preference of the customers.

DECEMBER 2011 - SEPTEMBER 2012

SERVICE CREW

CHOOKS-TO-GO Bounty Agro Ventures Inc.

Manila, Philippines

In this institution, I am responsible for storing and roasting a chicken to the proper standard to preserve the high quality of our product which I can sell and promote to my customers. I am also responsible for daily inventory and timely deposit of my daily sales.
