Career Objective :

To pursue an interesting career and to be part of a reputed organisation which provides me an opportunity to enhance my knowledge and skills required for a particular job. I always ready to work as a team member and want to be a part of an overall organizational growth.

Gap Declaration:

After my graduation was looking out for a jobs for sometime, In march 2021 got a job in a IndusInd bank and worked as a sales executive in loan and insurance section for a two months. Later due to covid infection and health issues left a job there. In July 2021 joined an axis bank and worked as a sales executive in a credit card section for a three months. Later decided to left a job, when I got an opportunity to work as an assistant director in a feature film 'Paalaar'.

Now due to financial unstability and survival purpose have decided to pursue a career in a serious way and also decided to quit a passion for a few years until I become financially stable.

Thank you
