Technical Skills

- Paper Machinery Assembly
- Machinery troubleshooting
- Machinery diagnosis, programming and repair
- Microsoft Office: Project, Word, Excel

Personal Strengths

- Data-Driven
- Self-Starter
- Excellent communication skills.
- Demonstrated ability to lead others.
- Excellent interpersonal skills.
- Outstanding time management, prioritization, and organizational skills
- Good public speaking and presentation skills
- Creative and critical thinking

Languages

English, Malayalam, Hindi, Tamil and Arabic

Experience

- **Al Maaly Paper Tissues, Jeddah - KSA**

Jan 2022 – May 2024

Production Manager

As a production manager, streamline workflows from raw material procurement to packaging, ensuring efficiency. Optimize resource use to reduce waste and maintain high productivity. Coordinate with teams and suppliers to meet delivery schedules. Implement sustainable practices, maintain machinery, and train staff to minimize waste. Additionally, motivate your team by recognizing achievements, offering development opportunities, and maintaining a supportive work environment. Focusing on these areas ensures a cost-effective, sustainable production process, leading to higher productivity and customer satisfaction.

Mechanical Machine Maintenance Manager

I manage maintenance for tissue paper manufacturing machinery from China and Taiwan (Onepaper, Hinnli, Soontrue). Tasks include operation, troubleshooting, repairs, programming, and assembly. I ensure machines run smoothly with regular maintenance, swiftly resolving issues to maintain efficient production. My role is pivotal in reducing downtime and upholding high productivity standards.

- **Mediterranean Shipping Company (Global Professional)**

July 2021 – December 2021

Junior Electrical Engineer

During my sailing career, I worked under a senior ETO on an international container ship, gaining hands-on experience in electrical and electronics operations. My responsibilities included troubleshooting and repairing electrical systems, maintaining electronic equipment, and ensuring safety compliance. I also specialized in maintaining and repairing reefer containers, acquiring the skills to manage the vessel's electrical and electronic systems effectively for smooth and safe operations.

Personal Profile

- Permanent Address:
Pacheerikuth House Elamkulam,
Palathole PO Malappuram 679340
- Date of Birth: 30/10/1996
- Marital Status: Single
- Driving License: LMV KSA
- Nationality: Indian

Education

- **Standards of Training Certification and Watchkeeping (STCW)**
AMET University, India
March 2020
- **Electro Technical Officer**
AMET University, India
Dec 2019 – March 2020
- **Bachelor's in Technology – Electrical and Electronics Engineering**
APJ Abdul Kalam Technological University, Kerala
July 2015 – July 2019
- **Higher Secondary**
PTMY Higher Secondary School, Kerala
March 2014

Accomplishments

- **IOT Based Smart Home**
MEA Engineering College, India
March 2018

A system with which all electrical circuits can be controlled in any part of the world using a smartphone or laptop connected to the internet.

Mini Project: Design of Smart Shoes
MEA Engineering College, India
March 2017

Using a piezoelectric crystal to produce electrical energy that can be used to charge small devices like mobile phones.

Declaration
