PROFESSIONAL SUMMARY

Industrious and self-motivated worker with expertise in process improvement, problem solving and autonomous maintenance. With proven records of success in fast-paced production environments. Passionate about learning, with a desire to take on new challenges.

WORK HISTORY

Nestle Nigeria, Sagamu. Production Technician

05/2019 to Current

- Attainment of the Factory's yearly KPI (A.I., UPS, PS & MUV)
- Data analysis of material loss and process order management using SAP, NSAM and DMO.
- Shift coordination with respect to resources, planning and people improvement. Production loss control and process improvement using tools like DMAIC, GSTD etc.
- Developed and presented performance reviews (weekly & monthly) to AWG members. Participated in continuous plant improvement projects (SMED).
- Created an operational competence matrix and plan of individuals on site and with support from line managers and trainers to ensure the training provision is effective.
- Ensured all issues related to safety in the work area and within the factory are given priority, tagged, escalated and follow up on resolution done when support is required.
- Ensured autonomous maintenance on two (2) high speed lines and assisting in planned maintenance.

Pladis Global Limited, Lagos. Machine Operator

04/2018 to 04/2019

- Controlled factory equipment to exceed daily production targets.
- Kept machinery well-maintained in line with safety regulations.
- Operated and maintained machines and equipment to achieve maximum efficiency.
- Ensured safety and quality standards are strictly adhered to.
- Ensured proper handover to the next shift, eliminating late start ups
- Assembled and disassembled machines to access, remove and replace worn components and keep production within optimal tolerances.
- Maintained equipment performance by lubricating, inspecting and cleaning components.
