PROFILE

I am a qualified and professional mechanical engineer with two years of experience in machinist and technician. Strong creative and analytical skills. Team player with an eye for detail.

SKILLS

- Engineering Design
- Technical Expertise
- Analytical Thinking
- Problem Solving
- Teamwork & Collaboration
- Quality Control
- Continuous Learning
- Mathematical & Analytical

EXPERIENCE

MECHANICAL TECNICIAN

Tata Advanced Systems - Bangalore India

2022 - 2023

- Perform equipment maintenance, troubleshooting, and repair
- Interpret technical manuals, blueprints, and schematics accurately
- Adhere to safety protocols and regulations to ensure a safe working environment.
- Perform preventative maintenance tasks, including inspections, lubrication, and calibration, to ensure optimal performance and extend the lifespan of mechanical equipment

MACHINE OPERATOR

Toyota Industries Engine India -TIEIndia

2021-2022

- Operate CNC machines to produce precise parts according to specifications
- Monitor machine operations, including loading materials, adjusting settings, and inspecting finished products.
- Perform routine maintenance and troubleshoot minor issues to ensure machine efficiency
- Conduct quality checks and measurements on produced parts using precision measuring instruments to ensure adherence to specifications and maintain high-quality standards.

EDUCATION

SECONDARY SCHOOL

Bushra English Medium India
2012 - 2016

DIPLOMA IN MECHANICAL

Karavali Institutions Manglore India
2017-2020
