PROFILE

Self-motivated and enthusiastic Electrical Supervisor with over five years of experience supervising on site projects in Kerala Government service and four years gulf experience in Hospital maintenance at Saudi Arabia. Detail-oriented leader with strong communication, time-management and problem-solving skills. In-depth knowledge of industrial and electrical systems and a clear understanding of safety protocols. Eight years working as junior instructor. I am actively in pursuit of a stimulating and demanding role as an electrical supervisor or foreman, where I can effectively apply my extensive experience, technical expertise, and leadership skills to make a meaningful impact within a progressive and innovative organization aiming for sustained success.
